

OnDemand

Quality health care when and where you need it.

Why wait for the care you need now? Blessing OnDemand gives you 24/7/365 access to a provider through the convenience of video consults. You can feel better today.

GET THE CARE YOU NEED

Our doctors can treat many medical conditions, including:

- Cold and flu symptoms
- Allergies
- Bronchitis
- Skin problems
- Respiratory infection
- Sinus problems
- And more!

With your consent, we're happy to provide information about your consult to your primary care provider.

NEW VIRTUAL VISIT FEATURES

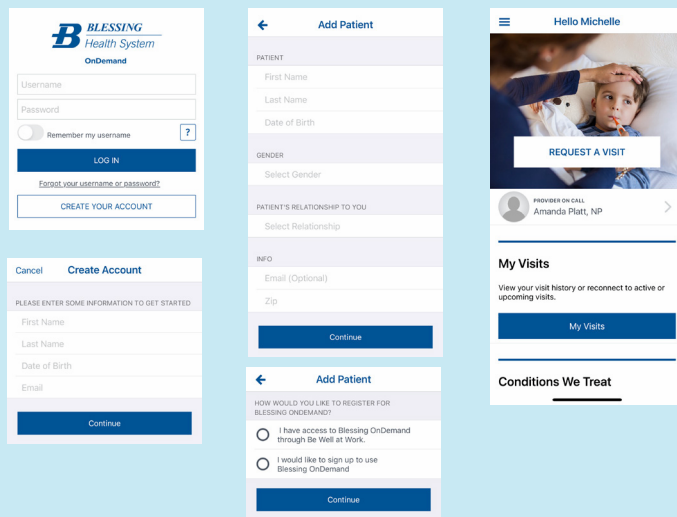

Blessing Health System providers will provide high-quality care for patient visits from 6 am to 10 pm.

From 10 pm to 6 am, Teladoc's national network of experienced doctors will provide patient care.

Important Steps for All Users

1. Download the NEW Blessing OnDemand app
2. Complete the registration process in the app. Add yourself and family members as patients.
3. Register to access OnDemand through Be Well at Work. Address must match what is in the BWA system to access so please make sure your information is up to date.
4. Once you login you may request a visit.

Get the care you need for \$0 per visit
