## How It Works

## No Insurance?

Simply present this card to your pharmacist. There is no cost to use HooSaves Rx!

## Have Insurance?

HooSaves Rx **cannot** be used with your insurance but can still save you money!

- » If you are on a high-deductible plan, you can use this card to help reduce the cost of your out-of-pocket prescription costs.
- » Use on prescriptions that are not covered under your plan.
- » HooSaves Rx sometimes provides better savings than your insurance. You can ask your pharmacist to run your prescription under both your insurance and HooSaves Rx, then you can pay the lower of the two prices!
- » This card can also be used to cover costs during the “donut hole” on Medicare
