The street in this location is in very bad shape and has little to no traffic. In addition we have numerous incidents in this area of illegal dumping and illegal vehicle camping.

The proposed road closures are;

- Colfax from 7<sup>th</sup> to South 9<sup>th</sup> intersection, leaving open the road into the old Hoskins Scrap Metal Facility
- Colfax from 9<sup>th</sup> to S. Maple intersection
- Colfax from Munger to Lemon intersection

Colfax from S. Maple to Munger will remain open so that the property owners will still have access to their properties.

The Street Department is also scheduled to repave;

- Colfax from S. Maple to Munger
- Ledford from Warren Barrett to Lemon
- Lemon from Warren Barrett to Colfax
- Munger from Ledford to Colfax

This plan will close down streets that are not currently necessary and re-pave needed roads so all owners can still access their properties.

If approved the Street Department will install jersey barriers at these location.

In the future if the City Council would like to re-open these roads for any reason a simple majority vote is all that would be needed.

A map is attached showing the location of the road closures and upcoming paving projects.

September 25<sup>th</sup>, 2024

Dear Mayor Louderman and Council Members,

As technology continues to evolve we constantly look to the future to see how we can become more productive and efficient as a department. One way to harness new technology is by the use of Automatic License Plate Readers (ALPR). ALPR's capture computer-readable images of license plates, allowing officers to compare the plate numbers against those that are entered as stolen or wanted in national databases such as NCIC.

ALPR technology can help officers develop leads in burglary cases, robberies, property damage, and Amber Alerts. While more citizens are installing surveillance cameras, the product often produces grainy images which are hard to identify. ALPR technology can collect readable plate information which can be used to quickly develop leads and be shared to officers.

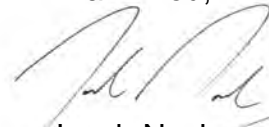

In September the Hannibal Police Department went out for bid on ALPR technology in the form of a three year service agreement. We received the following bid:

**Flock Safety            \$93,100 (3yr Total)            \$33,100 year 1, \$30,000 for year 2&3.**

Flock Safety's bid of \$93,100 is a three-year contract total with the first year being \$33,100, and subsequent years 2-3 being \$30,000. The higher year one cost reflects one-time installation fees, which would be needed to place the physical devices. This project (year 1) is currently allocated in the current fiscal year police budget.

I request the council accept the bid from Flock Safety and authorize the mayor to sign a service agreement for the installation of ALPR technology.

Thank You,

Jacob Nacke  
Chief of Police

To the City of Hannibal,

We appreciate the opportunity to bid on The City of Hannibal's HPD License Plate Reader initiative. Based on the needs The City shared with us, we are confident we can deliver a system to help deter, reduce, and solve crime.

We started Flock Safety in 2017 as concerned citizens applying our skills in electrical engineering and software development to help our neighborhoods solve property crime. Since that time, we have partnered with sheriffs, chiefs of police, command staff, city councils, business leaders, schools and universities, and other concerned neighbors – like ourselves – from all across the country.

There is a strong desire from all stakeholders in our communities to work together to eliminate crime. I believe that with the right technology, hard-working officers, and transparent community engagement we can make a serious impact on crime.

Our approach is working across the country today – in thousands of cities across 47 states in partnership with thousands of law enforcement agencies. We're seeing communities using Flock Safety's technology to reduce their crime rates; return kidnapping victims safely to their families, take illegal weapons off the streets, and return stolen property valued in the tens of millions. This progress gives renewed energy to detectives and patrol officers, and creates trust between law enforcement and the communities they serve. Moreover, Flock Safety views privacy, transparency, and accountability as a primary directive, and we will continue to do so in perpetuity.

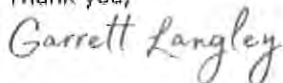

We want your community to see the same success:

- Using the latest, most advanced technology to capture objective evidence and solve crimes;
- Building mutual partnerships between your law enforcement agency and the community you serve;
- Having a local team of Flock Safety reps dedicated to serving the community alongside you; and
- Reviewing Flock Safety's terms and conditions that have been included for the city's review.

If Flock Safety is awarded your business, Flock Safety will work with the city to find mutual terms that satisfy both parties.

Together, we can eliminate crime and shape a safer future.

Thank you,

Garrett Langley  
Founder and CEO

Our core mission centers around fostering safer communities by providing cutting-edge technology solutions for crime detection and prevention. The primary objective is empowering neighborhoods, businesses and law enforcement agencies with advanced, non-invasive security systems that enhance public safety and deter criminal activities. We leverage innovative technologies, like Automatic License Plate Readers (ALPRs) and data analytics, helping create a safer environment for everyone.

Having reliable evidence is the key to solving crime. Our holistic public safety platform is comprehensive and intelligent, giving the City of Hannibal the cloud-based license plate reader (LPR) solution it needs to do just that, by providing unbiased evidence.

By choosing Flock Safety, the City of Hannibal receives a turnkey solution, including hardware, software and maintenance that's easy to expand based on its needs.

## History

Flock Safety focuses on public safety solutions within the security and surveillance industry. We offer license plate recognition cameras, video surveillance, and software platforms designed to enhance community safety by providing unbiased evidence collection and crime-solving tools. Flock Safety's products are primarily utilized by sectors like law enforcement, education and property management.

The company was founded in 2017 in Atlanta, Georgia. At the time, Garrett Langley, the Founder and CEO of Flock Safety, experienced property crime in his Atlanta neighborhood. Frustrated by the lack of evidence to help police track down the suspects, he realized an opportunity to make a change in the process.

After working with local law enforcement to understand the ways citizens could help, prevent and solve crime, Garrett brought in Co-Founder Matt Feury along with early employees, Paige Todd and Bailey Quintrell. Together, these talented individuals worked to launch the company in business today.

Since March 2017, the company has experienced significant growth. Today, Flock Safety is trusted by communities in thousands of cities to help stop crime. Its success led to raising over \$330 million in venture capital from leading firms, including Andreessen Horowitz, Matrix Partners, Initialized Capital, Axon, Bedrock Capital, Founders Fund, and Y-Combinator.

Flock Safety continues to operate under the same vision Garrett founded the company with

from the beginning: To eliminate crime and shape a safer future, together.

## Flock Safety Falcon®

The Flock Safety Falcon® LPR camera suite, encompassing a range of fixed and location-flexible devices, revolutionizes law enforcement response and investigations by offering Vehicle Fingerprint® data, real-time alerts, searchable evidence, and analytics across diverse roadways and use cases.

**Flock Safety Falcon®**  
Fixed, infrastructure-free LPR for standard two-lane roadways with moderate traffic.

**Flock Safety Falcon® LR**  
Fixed, long-range LPR for high-speed, multi-lane highways with heavy traffic.

**Flock Safety Falcon® SR**  
Fixed, short-range LPR for parking lots.

**Flock Safety Falcon Flex™**  
Location-flexible LPR for temporary coverage that can be installed anywhere in minutes.

The Flock Safety Falcon® suite not only expedites case clearances by providing real-time investigative leads, even without visible license plates, but also streamlines operations by offering a full-service subscription model. This approach eliminates the upfront costs and complexities associated with coordinating multiple vendors and systems, enabling law enforcement agencies to concentrate more effectively on crime reduction.

### Data Storage + Encryption:

- Our LPR is designed for secure, responsible use with customized user permissions, usage audits, and limited data retention. Devices only capture vehicle data, not people, to mitigate bias and accelerate case clearance. Your agency owns 100% of the data, and we never sell it to third parties.
- All images and metadata are encrypted throughout its entire lifecycle, from on-device to storage in the cloud. Flock Safety uses Amazon Web Services (AWS) cloud storage and KMS-based encryption, limiting access to the encryption keys. All CJIS data is stored in the AWS GovCloud and is only available to Law Enforcement agencies. No CJIS data is shared with non-law enforcement Flock Safety customers.
- LPR images are stored for 30 days by default unless a differing local law, ordinance or agreement dictates otherwise for the LPR storage policy.

# Implementation Timeline

This timeline provides general guidance and understanding of your installation process. While we typically complete installations 6-8 weeks after locations have been finalized, delays can occur as noted in the timeline below:

# Things to Consider When Selecting Locations

## Falcon Cameras

- Use Cases
  - Flock LPRs are designed to capture images of rear license plates aimed in the direction of traffic.
  - Flock LPRs are not designed to capture pedestrians, sidewalks, dumpsters, gates, other areas of non-vehicle traffic, intersections.
- Placement
  - They capture vehicles driving away from an intersection.
  - They cannot point into the middle of an intersection.
  - They should be placed after the intersection to prevent stop and go motion activation or "stop and go" traffic.
- Mounting
  - They can be mounted on existing utility, light, traffic signal poles, or 12 foot Flock poles.\*
  - They should be mounted one per pole.\*\* If using AC power, they can be mounted 2 per pole.
- They can be powered with solar panels or direct wire-in AC Power (no outlets).\*\*\*
- They will require adequate cellular service using AT&T or T-Mobile to be able to process & send images.

\* Permitting (or permission from pole owner) may be required to use existing infrastructure or install in specific areas, depending on local regulations & policies.

\*\* Cameras need sufficient power. Since a solar panel is required per camera, it can prevent adequate solar power if two cameras and two solar panels are on a single pole (blocking visibility). Therefore if relying on solar power, only one camera can be installed per pole.

\*\*\* Flock does not provide Electrical services. Once installed, the agency or community must work with an electrician to

## 1. DEFINITIONS

Certain capitalized terms, not otherwise defined herein, have the meanings set forth or cross-referenced in this Section 1.

1.14 “**Retention Period**” means the time period that the Customer Data is stored within the cloud storage, as specified in the applicable Order Form. ## 2. SERVICES AND SUPPORT

**2.1 Provision of Access.** Flock hereby grants to Customer a non-exclusive, non-transferable right to access the features and functions of the Flock Services via the Web Interface during the Term, solely for the Authorized End Users. The Footage will be available for Authorized End Users to access and download via the Web Interface for the Retention Period. Authorized End Users will be required to sign up for an account and select a password and username (“*User ID*”). Customer shall be responsible for all acts and omissions of Authorized End Users. Customer shall undertake reasonable efforts to make all Authorized End Users aware of all applicable provisions of this Agreement and shall cause Authorized End Users to comply with such provisions. Flock may use the services of one or more third parties to deliver any part of the Flock Services, (such as using a third party to host the Web Interface for cloud storage or a cell phone provider for wireless cellular coverage).

**2.2 Embedded Software License.** Flock grants Customer a limited, non-exclusive, non-transferable, non-sublicensable (except to the Authorized End Users), revocable right to use the Embedded Software as it pertains to Flock Services, solely as necessary for Customer to use the Flock Services.

**2.3 Support Services.** Flock shall monitor the Flock Services, and any applicable device health, in order to improve performance and functionality. Flock will use commercially reasonable efforts to respond to requests for support within seventy-two (72) hours. Flock will provide Customer with reasonable technical and on-site support and maintenance services in-person, via phone or by email at [support@flocksafety.com](mailto:support@flocksafety.com) (such services collectively referred to as “*Support Services*”).

**2.4 Updates to Platform.** Flock may make any updates to system or platform that it deems necessary or useful to (i) maintain or enhance the quality or delivery of Flock’s products or services to its agencies, the competitive strength of, or market for, Flock’s products or services, such platform or system’s cost efficiency or performance, or (ii) to comply with applicable law. Parties understand that such updates are necessary from time to time and will not diminish the quality of the services or materially change any terms or conditions within this Agreement.

**2.5 Service Interruption.** Services may be interrupted in the event that: (a) Flock’s provision of the Services to Customer or any Authorized End User is prohibited by applicable law; (b) any third-party services required for Services are interrupted; (c) if Services are being used for

malicious, unlawful, or otherwise unauthorized use; (d) there is a threat or attack on any of the Flock IP by a third party; or (e) scheduled or emergency maintenance ("***Service Interruption***"). Flock will make commercially reasonable efforts to provide written notice of any Service Interruption to Customer, to provide updates, and to resume providing access to Flock Services as soon as reasonably possible after the event giving rise to the Service Interruption is cured. Flock will have no liability for any damage, liabilities, losses (including any loss of data or profits), or any other consequences that Customer or any Authorized End User may incur as a result of a Service Interruption. To the extent that the Service Interruption is not caused by Customer's direct actions or by the actions of parties associated with the Customer, the time will be tolled by the duration of the Service Interruption (for any continuous suspension lasting at least one full day). For example, in the event of a Service Interruption lasting five (5) continuous days, Customer will receive a credit for five (5) free days at the end of the Term.

**2.6 Service Suspension.** Flock may temporarily suspend Customer's and any Authorized End User's access to any portion or all of the Flock IP or Flock Service if (a) there is a threat or attack on any of the Flock IP by Customer; (b) Customer's or any Authorized End User's use of the Flock IP disrupts or poses a security risk to the Flock IP or any other customer or vendor of Flock; (c) Customer or any Authorized End User is/are using the Flock IP for fraudulent or illegal activities; (d) Customer has violated any term of this provision, including, but not limited to, utilizing Flock Services for anything other than the Permitted Purpose; or (e) any unauthorized access to Flock Services through Customer's account ("***Service Suspension***"). Customer shall not be entitled to any remedy for the Service Suspension period, including any reimbursement, tolling, or credit. If the Service Suspension was not caused by Customer, the Term will be tolled by the duration of the Service Suspension.

**2.7 Hazardous Conditions.** Flock Services do not contemplate hazardous materials, or other hazardous conditions, including, without limit, asbestos, lead, or toxic or flammable substances. In the event any such hazardous materials are discovered in the designated locations in which Flock is to perform services under this Agreement, Flock shall have the right to cease work immediately.

### **3. CUSTOMER OBLIGATIONS**

**3.1 Customer Obligations.** Flock will assist Customer Authorized End Users in the creation of a User ID. Authorized End Users agree to provide Flock with accurate, complete, and updated registration information. Authorized End Users may not select as their User ID, a name that they do not have the right to use, or any other name with the intent of impersonation. Customer and Authorized End Users may not transfer their account to anyone else without prior written permission of Flock. Authorized End Users shall not share their account username or password information and must protect the security of the username and password. Unless otherwise stated and defined in this Agreement, Customer shall not designate Authorized End Users for persons who are not officers, employees, or agents of Customer. Authorized End Users shall only use Customer-issued email addresses for the creation of their User ID. Customer is responsible for any Authorized End User activity associated with its account. Customer shall ensure that Customer provides Flock with up-to-date contact information at all times during the Term of this agreement. Customer shall be responsible for obtaining and maintaining any equipment and ancillary services needed to connect to, access or otherwise use the Flock Services (e.g., laptops, internet connection, mobile devices, etc.). Customer shall (at its own expense) provide Flock with reasonable access and use of Customer facilities and Customer personnel in order to enable Flock to perform Services (such obligations of Customer are collectively defined as “*Customer Obligations*”).

**3.2 Customer Representations and Warranties.** Customer represents, covenants, and warrants that Customer shall use Flock Services only in compliance with this Agreement and all applicable laws and regulations, including but not limited to any laws relating to the recording or sharing of data, video, photo, or audio content.

#### **4. DATA USE AND LICENSING**

**4.1 Customer Data.** As between Flock and Customer, all right, title and interest in the Customer Data, belong to and are retained solely by Customer. Customer hereby grants to Flock a limited, non-exclusive, royalty-free, irrevocable, worldwide license to use the Customer Data and perform all acts as may be necessary for Flock to provide the Flock Services to Customer. Flock does not own and shall not sell Customer Data.

**4.2 Customer Generated Data.** Flock may provide Customer with the opportunity to post, upload, display, publish, distribute, transmit, broadcast, or otherwise make available, messages, text, illustrations, files, images, graphics, photos, comments, sounds, music, videos, information,

content, ratings, reviews, data, questions, suggestions, or other information or materials produced by Customer ("**Customer Generated Data**"). Customer shall retain whatever legally cognizable right, title, and interest in Customer Generated Data. Customer understands and acknowledges that Flock has no obligation to monitor or enforce Customer's intellectual property rights of Customer Generated Data. Customer grants Flock a non-exclusive, irrevocable, worldwide, royalty-free, license to use the Customer Generated Data for the purpose of providing Flock Services. Flock does not own and shall not sell Customer Generated Data.

**4.3 Anonymized Data.** Flock shall have the right to collect, analyze, and anonymize Customer Data and Customer Generated Data to the extent such anonymization renders the data non-identifiable to create Anonymized Data to use and perform the Services and related systems and technologies, including the training of machine learning algorithms. Customer hereby grants Flock a non-exclusive, worldwide, perpetual, royalty-free right to use and distribute such Anonymized Data to improve and enhance the Services and for other development, diagnostic and corrective purposes, and other Flock offerings. Parties understand that the aforementioned license is required for continuity of Services. Flock does not own and shall not sell Anonymized Data.

## **5. CONFIDENTIALITY; DISCLOSURES**

**5.1 Confidentiality.** To the extent required by any applicable public records requests, each Party (the "**Receiving Party**") understands that the other Party (the "**Disclosing Party**") has disclosed or may disclose business, technical or financial information relating to the Disclosing Party's business (hereinafter referred to as "**Proprietary Information**" of the Disclosing Party). Proprietary Information of Flock includes non-public information regarding features, functionality and performance of the Services. Proprietary Information of Customer includes non-public data provided by Customer to Flock or collected by Flock via Flock Services, which includes but is not limited to geolocation information and environmental data collected by sensors. The Receiving Party agrees: (i) to take the same security precautions to protect against disclosure or unauthorized use of such Proprietary Information that the Party takes with its own proprietary information, but in no event less than commercially reasonable precautions, and (ii) not to use (except in performance of the Services or as otherwise permitted herein) or divulge to any third person any such Proprietary Information. The Disclosing Party agrees that the

foregoing shall not apply with respect to any information that the Receiving Party can document (a) is or becomes generally available to the public; or (b) was in its possession or known by it prior to receipt from the Disclosing Party; or (c) was rightfully disclosed to it without restriction by a third party; or (d) was independently developed without use of any Proprietary Information of the Disclosing Party. Nothing in this Agreement will prevent the Receiving Party from disclosing the Proprietary Information pursuant to any judicial or governmental order, provided that the Receiving Party gives the Disclosing Party reasonable prior notice of such disclosure to contest such order. At the termination of this Agreement, all Proprietary Information will be returned to the Disclosing Party, destroyed or erased (if recorded on an erasable storage medium), together with any copies thereof, when no longer needed for the purposes above, or upon request from the Disclosing Party, and in any case upon termination of the Agreement. Notwithstanding any termination, all confidentiality obligations of Proprietary Information that is trade secret shall continue in perpetuity or until such information is no longer trade secret.

**5.2 Usage Restrictions on Flock IP.** Flock and its licensors retain all right, title and interest in and to the Flock IP and its components, and Customer acknowledges that it neither owns nor acquires any additional rights in and to the foregoing not expressly granted by this Agreement. Customer further acknowledges that Flock retains the right to use the foregoing for any purpose in Flock's sole discretion. Customer and Authorized End Users shall not: (i) copy or duplicate any of the Flock IP; (ii) decompile, disassemble, reverse engineer, or otherwise attempt to obtain or perceive the source code from which any software component of any of the Flock IP is compiled or interpreted, or apply any other process or procedure to derive the source code of any software included in the Flock IP; (iii) attempt to modify, alter, tamper with or repair any of the Flock IP, or attempt to create any derivative product from any of the foregoing; (iv) interfere or attempt to interfere in any manner with the functionality or proper working of any of the Flock IP; (v) remove, obscure, or alter any notice of any intellectual property or proprietary right appearing on or contained within the Flock Services or Flock IP; (vi) use the Flock Services for anything other than the Permitted Purpose; or (vii) assign, sublicense, sell, resell, lease, rent, or otherwise transfer, convey, pledge as security, or otherwise encumber, Customer's rights. There are no implied rights.

**5.3 Disclosure of Footage.** Subject to and during the Retention Period, Flock may access, use, preserve and/or disclose the Footage to law enforcement authorities, government officials, and/or

third parties, if legally required to do so or if Flock has a good faith belief that such access, use, preservation or disclosure is reasonably necessary to comply with a legal process, enforce this Agreement, or detect, prevent or otherwise address security, privacy, fraud or technical issues, or emergency situations.

## **6. PAYMENT OF FEES**

**6.1 Billing and Payment of Fees.** Customer shall pay the fees set forth in the applicable Order Form based on the billing structure and payment terms as indicated in the Order Form. To the extent the Order Form is silent, Customer shall pay all invoices net thirty (30) days from the date of receipt. If Customer believes that Flock has billed Customer incorrectly, Customer must contact Flock no later than thirty (30) days after the closing date on the first invoice in which the error or problem appeared to receive an adjustment or credit. Customer acknowledges and agrees that a failure to contact Flock within this period will serve as a waiver of any claim. If any undisputed fee is more than thirty (30) days overdue, Flock may, without limiting its other rights and remedies, suspend delivery of its service until such undisputed invoice is paid in full. Flock shall provide at least thirty (30) days' prior written notice to Customer of the payment delinquency before exercising any suspension right.

**6.2 Notice of Changes to Fees.** In the event of any changes to fees, Flock shall provide Customer with sixty (60) days' notice (email sufficient) prior to the end of the Initial Term or Renewal Term (as applicable). Any such changes to fees shall only impact subsequent Renewal Terms.

**6.3 Taxes.** To the extent Customer is not a tax exempt entity, Customer is responsible for all taxes, levies, or duties, excluding only taxes based on Flock's net income, imposed by taxing authorities associated with the order. If Flock has the legal obligation to pay or collect taxes, including amount subsequently assessed by a taxing authority, for which Customer is responsible, the appropriate amount shall be invoice to and paid by Customer unless Customer provides Flock a legally sufficient tax exemption certificate and Flock shall not charge Customer any taxes from which it is exempt. If any deduction or withholding is required by law, Customer shall notify Flock and shall pay Flock any additional amounts necessary to ensure that the net amount that Flock receives, after any deduction and withholding, equals the amount Flock would have received if no deduction or withholding had been required.

## 7. TERM AND TERMINATION

7.1 **Term.** The initial term of this Agreement shall be for the period of time set forth on the Order Form (the “**Term**”). Unless otherwise indicated on the Order Form, the Term shall commence upon first installation of Flock Hardware, as applicable. Following the Term, unless otherwise indicated on the Order Form, this Agreement will automatically renew for successive renewal terms of the greater of one year or the length set forth on the Order Form (each, a “**Renewal Term**”) unless either Party gives the other Party notice of non-renewal at least thirty (30) days prior to the end of the then-current term.

7.2 **Termination.** Upon termination or expiration of this Agreement, Flock will remove any applicable Flock Hardware at a commercially reasonable time period. In the event of any material breach of this Agreement, the non-breaching Party may terminate this Agreement prior to the end of the Term by giving thirty (30) days prior written notice to the breaching Party; provided, however, that this Agreement will not terminate if the breaching Party has cured the breach prior to the expiration of such thirty (30) day period (“**Cure Period**”). Either Party may terminate this Agreement (i) upon the institution by or against the other Party of insolvency, receivership or bankruptcy proceedings, (ii) upon the other Party's making an assignment for the benefit of creditors, or (iii) upon the other Party's dissolution or ceasing to do business. In the event of a material breach by Flock, and Flock is unable to cure within the **Cure Period**, Flock will refund Customer a pro-rata portion of the pre-paid fees for Services not received due to such termination.

7.3 **Survival.** The following Sections will survive termination: 1, 3, 5, 6, 7, 8.3, 8.4, 9, 11.1 and 11.6.

## 8. REMEDY FOR DEFECT; WARRANTY AND DISCLAIMER

**8.1 Manufacturer Defect.** Upon a malfunction or failure of Flock Hardware or Embedded Software (a “*Defect*”), Customer must notify Flock’s technical support team. In the event of a Defect, Flock shall make a commercially reasonable attempt to repair or replace the defective Flock Hardware at no additional cost to the Customer. Flock reserves the right, in its sole discretion, to repair or replace such Defect, provided that Flock shall conduct inspection or testing within a commercially reasonable time, but no longer than seven (7) business days after Customer gives notice to Flock.

**8.2 Replacements.** In the event that Flock Hardware is lost, stolen, or damaged, Customer may request a replacement of Flock Hardware at a fee according to the reinstall fee schedule (<https://www.flocksafety.com/reinstall-fee-schedule>). In the event that Customer chooses not to replace lost, damaged, or stolen Flock Hardware, Customer understands and agrees that Flock is not liable for any resulting impact to Flock service, nor shall Customer receive a refund for the lost, damaged, or stolen Flock Hardware.

**8.3 Warranty.** Flock shall use reasonable efforts consistent with prevailing industry standards to maintain the Services in a manner which minimizes errors and interruptions in the Services and shall perform the Installation Services in a professional and workmanlike manner. Services may be temporarily unavailable for scheduled maintenance or for unscheduled emergency maintenance, either by Flock or by third-party providers, or because of other causes beyond Flock’s reasonable control, but Flock shall use reasonable efforts to provide advance notice in writing or by e-mail of any scheduled service disruption.

**8.4 Disclaimer.** THE REMEDY DESCRIBED IN SECTION 8.1 ABOVE IS CUSTOMER’S SOLE REMEDY, AND FLOCK’S SOLE LIABILITY, WITH RESPECT TO DEFECTS. FLOCK DOES NOT WARRANT THAT THE SERVICES WILL BE UNINTERRUPTED OR ERROR FREE; NOR DOES IT MAKE ANY WARRANTY AS TO THE RESULTS THAT MAY BE OBTAINED FROM USE OF THE SERVICES. EXCEPT AS EXPRESSLY SET FORTH IN THIS SECTION, THE SERVICES ARE PROVIDED “AS IS” AND FLOCK DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A

PARTICULAR PURPOSE. THIS DISCLAIMER ONLY APPLIES TO THE EXTENT ALLOWED BY THE GOVERNING LAW OF THE STATE MENTIONED IN SECTION 11.6.

8.5 **Insurance.** Flock will maintain commercial general liability policies as stated in Exhibit B.

8.6 **Force Majeure.** Parties are not responsible or liable for any delays or failures in performance from any cause beyond their control, including, but not limited to acts of God, changes to law or regulations, embargoes, war, terrorist acts, pandemics (including the spread of variants), issues of national security, acts or omissions of third-party technology providers, riots, fires, earthquakes, floods, power blackouts, strikes, supply chain shortages of equipment or supplies, financial institution crisis, weather conditions or acts of hackers, internet service providers or any other third party acts or omissions.

## **9. LIMITATION OF LIABILITY; INDEMNITY**

9.1 **Limitation of Liability.** NOTWITHSTANDING ANYTHING TO THE CONTRARY, FLOCK, ITS OFFICERS, AFFILIATES, REPRESENTATIVES, CONTRACTORS AND EMPLOYEES SHALL NOT BE RESPONSIBLE OR LIABLE WITH RESPECT TO ANY SUBJECT MATTER OF THIS AGREEMENT OR TERMS AND CONDITIONS RELATED THERETO UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY, PRODUCT LIABILITY, OR OTHER THEORY: (A) FOR LOSS OF REVENUE, BUSINESS OR BUSINESS INTERRUPTION; (B) INCOMPLETE, CORRUPT, OR INACCURATE DATA; (C) COST OF PROCUREMENT OF SUBSTITUTE GOODS, SERVICES OR TECHNOLOGY; (D) FOR ANY INDIRECT, EXEMPLARY, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES; (E) FOR ANY MATTER BEYOND FLOCK'S ACTUAL KNOWLEDGE OR REASONABLE CONTROL INCLUDING REPEAT CRIMINAL ACTIVITY OR INABILITY TO CAPTURE FOOTAGE; OR (F) FOR ANY AMOUNTS THAT, TOGETHER WITH AMOUNTS ASSOCIATED WITH ALL OTHER CLAIMS, EXCEED THE FEES PAID AND/OR PAYABLE BY CUSTOMER TO FLOCK FOR THE SERVICES UNDER THIS AGREEMENT IN THE TWELVE (12) MONTHS PRIOR TO THE ACT OR OMISSION THAT GAVE RISE TO THE LIABILITY, IN EACH CASE, WHETHER OR NOT FLOCK HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION OF LIABILITY OF SECTION ONLY APPLIES TO THE EXTENT ALLOWED BY THE GOVERNING LAW OF THE STATE REFERENCED IN SECTION

11.6. NOTWITHSTANDING ANYTHING TO THE CONTRARY, THE FOREGOING LIMITATIONS OF LIABILITY SHALL NOT APPLY (I) IN THE EVENT OF GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, OR (II) INDEMNIFICATION OBLIGATIONS.

9.2 **Responsibility.** Each Party to this Agreement shall assume the responsibility and liability for the acts and omissions of its own employees, officers, or agents, in connection with the performance of their official duties under this Agreement. Each Party to this Agreement shall be liable for the torts of its own officers, agents, or employees.

9.3 **Flock Indemnity.** Flock shall indemnify and hold harmless Customer, its agents and employees, from liability of any kind, including claims, costs (including defense) and expenses, on account of: (i) any copyrighted material, patented or unpatented invention, articles, device or appliance manufactured or used in the performance of this Agreement; or (ii) any damage or injury to property or person directly caused by Flock's installation of Flock Hardware, except for where such damage or injury was caused solely by the negligence of the Customer or its agents, officers or employees. Flock's performance of this indemnity obligation shall not exceed the fees paid and/or payable for the services rendered under this Agreement in the preceding twelve (12) months.

## 10. INSTALLATION SERVICES AND OBLIGATIONS

10.1 **Ownership of Hardware.** Flock Hardware is owned and shall remain the exclusive property of Flock. Title to any Flock Hardware shall not pass to Customer upon execution of this Agreement, except as otherwise specifically set forth in this Agreement. Except as otherwise expressly stated in this Agreement, Customer is not permitted to remove, reposition, re-install, tamper with, alter, adjust or otherwise take possession or control of Flock Hardware. Customer agrees and understands that in the event Customer is found to engage in any of the foregoing restricted actions, all warranties herein shall be null and void, and this Agreement shall be subject to immediate termination for material breach by Customer. Customer shall not perform any acts which would interfere with the retention of title of the Flock Hardware by Flock. Should Customer default on any payment of the Flock Services, Flock may remove Flock Hardware at Flock's discretion. Such removal, if made by Flock, shall not be deemed a waiver of Flock's

rights to any damages Flock may sustain as a result of Customer's default and Flock shall have the right to enforce any other legal remedy or right.

**10.2 Deployment Plan.** Flock shall advise Customer on the location and positioning of the Flock Hardware for optimal product functionality, as conditions and locations allow. Flock will collaborate with Customer to design the strategic geographic mapping of the location(s) and implementation of Flock Hardware to create a deployment plan ("***Deployment Plan***").
