

PolicyLink

You can choose to apply \$150 of unused Dental benefits toward Vision care, up to the plan maximum – and spend your healthcare budget where you need it most.

Meet John

John uses his plan for preventative care. His annual dental cleanings and exams use \$300 of his \$1,000 annual maximum. His annual eye exam is \$65, which applies to his \$150 PolicyLink maximum. John has \$550 remaining for Dental care and \$85 eligible for either Vision or Dental care.
